- Where: [AT&T Connect](#)

## **DEQ Reissued 1200-Z Stormwater Permit on Oct. 22, 2018**

Columbia Riverkeeper, Northwest Environmental Defense Center and Oregon Industrial Stormwater Group filed administrative and judicial petitions for reconsideration of the National Pollutant Discharge Elimination System Permit No. 1200-Z Industrial Stormwater General Permit, dated Aug. 1, 2017. After months of negotiation a settlement agreement was reached which includes reissuance of the permit upon reconsideration. The settlement includes short-term changes to the permit and a longer-term process to examine the current approach for regulating industrial stormwater.

**All 1200-Z permit registrants are now covered under the October 22, 2108, reissued permit.**
